

CALL FOR ARTISTS

The Projects: Port Credit

July 2010

The Blackwood Gallery invites artists based in Port Credit to submit proposals for art projects which address issues of interest and concern to the Port Credit community. We favor in particular those which take the form of hypothetical projects, installations and performative interventions.

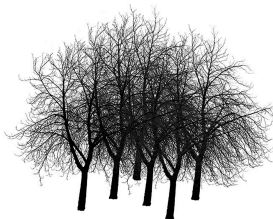

This exhibition is a follow up to the successful presentation of *The Projects: Port Credit*, a contemporary art exhibition curated by Christof Migone and presented in July 2009 at 55 Port Street East. The second edition will take place in July 2010 in Port Credit.

DEADLINE: February 1, 2010. Proposals should include a written proposal (max. 2 pages), a CV, and documentation of previous work (max. 10 images). There is no submission fee. Please do not send originals, submissions which are not selected will not be returned. Submissions can also be sent via email or presented on a web browser.
